Statutory Policy

Accessibility Plan to ensure Inclusion

Introduction and Background

Since 2005 all public authorities have a duty to promote disability equality; this includes schools and local authorities. The 2010 Equality Act adds further to this duty. Everything a school does must be fair, non-discriminatory and not put individuals or groups of people at a disadvantage. Where disabled pupils are placed at a substantial disadvantage, schools must consider whether any reasonable adjustment can be made to overcome that disadvantage.

According to the Equality Act 2010, a person has a disability if:

- (a) He or she has a physical or mental impairment, and
- (b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

At Newcroft Primary Academy we are committed to:

- Promoting equality of opportunity between disabled people and those who are not disabled
- Eliminating discrimination
- Eliminating harassment related to disability
- Promoting positive attitudes towards disabled people and developing a culture of inclusion, support and awareness within the school
- Encouraging participation by disabled people in public life
- Taking steps to take account of disabled people's disabilities even where that involves treating disabled people more favourably than non-disabled people

The Accessibility Plan is a statutory document for schools. The Plan must be reviewed as required or at least every three years and approved by the Governing Body.

Purpose and Direction

Newcroft Primary Academy is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, spiritual, social and cultural needs. We are committed to taking positive action in response to disability and to developing a culture of inclusion, support and awareness within the school.

Newcroft's Accessibility Plan outlines how access is to be improved for disabled pupils, staff and visitors to the school within a given timeframe. It anticipates the need to make reasonable adjustments to accommodate their needs where practical.

Our Accessibility Plan contains relevant and timely actions to increase access to the curriculum for pupils with a disability and expand and adapt the curriculum as necessary to ensure that pupils with a disability have equal access to curriculum opportunities. It covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, school community and cultural activities or school visits. It includes the provision of specialist or auxiliary aids and equipment, which may assist these pupils in accessing the curriculum.

It covers maintaining access to the physical environment of the school, adding specialist facilities as necessary. The plan will also consider improvements to the delivery of written information to pupils, staff, parents and visitors with disabilities, including letters.

Aims and Objectives

Our school's accessibility plans are aimed at:

- Increasing participation in all aspects of school life for children, staff, parents and visitors with disabilities

- Improving the physical environment of the school to enable disabled pupils to take better advantage of education, facilities and services provided
- Improving the availability of accessible information to disabled pupils and parents

We will do this by:

- reducing and eliminating barriers to access of the curriculum and building
- promoting positive attitudes and developing a culture of respect
- having awareness of the needs of individuals within our school community
- being flexible in approach to obstacles and seeking expert advice if needed

Accessibility Audit

There is specific disability legislation in relation to disabled pupils and accessibility which means we must plan strategically over time to:

1. Increase access to the curriculum
2. Make improvements to the physical environment of the school to increase access;
3. Make written information accessible to pupils in a range of different ways

We must ensure that disabled pupils do not receive less favorable treatment and to do this the school has a duty to make reasonable adjustments.

Physical environment:

- The school building is fully accessible for pupils with physical difficulties
- The outside play areas are flat and almost completely accessible to wheelchair users, with the exception of the wider school premises and field etc.
- The Hallcroft building was built to be fully Disability Discrimination Act (DDA) compliant
- Wheelchair access to all building that are used day-to-day
- 2 disabled car parking spaces by the entrance to the front door of the school
- Disabled toilet facilities available in the Newcroft building, the Hallcroft building and the Year 1 mobile
- We have adapted/specialised furniture provided to meet individual needs
- A number of private room spaces to enable confidential meetings to take place
- We have withdrawal rooms and alternative provision space for small group work and individualised work for high needs learners.
- We have a specialist ELSA/counselling room for pupils with SEMH needs
- Our woodland area enhances pupil's health and well-being
- Communal spaces are clutter free to facilitate easy movement around the buildings
- Disabled pupils participate in extra-curricular activities and sporting events. Pupils with social interaction impairments are supported and encouraged to participate in the many lunchtime clubs on offer to support them in
- Pupils with medical needs are enabled to take part in school trips and visits, including residential visits

Curriculum:

- We obtain data on future pupils to facilitate advanced planning. This includes liaison with the Local Authority (LA), SENA, Early Years and Specialist Teaching Teams.
- Liaising with external services and agencies regarding pupils to support all areas – physical, sensory, learning, behaviour – making use of:
 - Outreach schools (Oakfield, Ashmount, Forest Way)
 - Health support (speech and language, school nurse, care navigators, Family Outreach Worker, paediatrics, occupational health and physiotherapy)
 - Educational psychologists
 - Teaching alliances
 - Social services

- Independent providers and charities
- Using trained learning support assistants and teachers to support learning and to give pastoral and inclusion support
- Staff are trained in specific areas of difficulties of their pupils where required (for example, training on supporting the needs of children with Downs Syndrome)
- Organising Learning Support Assistant (LSA) deployment to cover a mix of curriculum and learning needs
- Ensuring that, where appropriate, pupils have access to internal assessments facilitated by extra time, prompts, readers etc.
- Provision of a bank of disability specific, specialist resources available to support individual pupil needs
- Setting clear outcomes and objectives that are appropriately differentiated for individual pupil needs
- Using additional scales, where appropriate, to measure progress and achievement of individual pupils and to facilitate the setting of individualised targets with an element of challenge (Autism Education Trust framework, Boxall Profile, small step trackers)
- Encouraging the use of clear, well-presented visual aids to support the learning of all pupils
- Taking full advantage of the opportunities available outside school to provide educational visits that are accessible to all pupils
- Creating a culture of understanding and tolerance so that all ability groups and all disabilities are accepted as part of our school community
- Development of mutual support and understanding between colleagues when working with pupils with challenging disabilities
- Up to date and outward looking school – Routes to Resilience, SENCOnet, Symphony Learning Trust, behaviour forums, lead practitioner meetings for autism, learning support consultations, ELSA network, autism LSA networks etc.
- The school has wider policies to support other issues which affect the participation of disabled pupils, for example: bullying and peer relationships. The school has clear policies on the administration of medicines and the provision of personal care.

Information:

- Visual timetables and information supported by signs/symbols for targeted pupils
- Home-school communication books to ensure effective communication
- Provision of verbal, signing or large print information for targeted pupils
- Weduc messaging to parents
- Text messaging to parents
- The school's website
- Different forms of communication are made available where needed to enable all disabled pupils to express their views and to hear the views of others
- Information sharing amongst staff and from agencies is improved through the use of electronic systems including Egress and AnyComms
