

PE

Intent

At Newcroft Primary Academy, we believe that 'a high-quality physical education curriculum inspires all pupils to succeed and excel in competitive sport and other physically-demanding activities.' PE is an area of learning where self-esteem, physical progression and positive attitudes are fostered and nurtured. We aim to provide 'opportunities for pupils to become physically confident in a way which supports their health and fitness' developing skills and knowledge that they can apply and value into adulthood.

Pupils receive two high-quality PE lessons each week, which encompasses 'opportunities to compete in sport', whilst promoting the ethos of respect and fair play in all activities. Pupils are taught to understand the importance of working in a safe environment to prevent injuries to themselves and others. Development of interpersonal skills are promoted through team sports and coaching opportunities. We appreciate the value of recognising cross-curricular links between PE and all other curriculum subjects. To ensure all pupils progress in the curriculum, our PE lessons are differentiated to provide suitable challenge to all abilities, ensuring they are learning more, remembering more and understanding more.

What?

Impact

Progression of skills and knowledge.

Throughout the academic year, the same area of sport is taught in each year group. This allows for skills and knowledge to be built upon, so pupils learn more, remember more and understand more.

Sports Clubs

At Newcroft, we recognise and challenge pupils that excel in areas of sport and provide opportunities for these pupils to compete in competitions. This also includes pupils competing in the Leicestershire games.

Extra-Curricular PE

Throughout the academic year, a variety of extra-curricular PE clubs are offered to all pupils. We also have outside agencies which come into school to provide martial arts and dance clubs.

Enrichment

To inspire and motivate pupils at Newcroft, we promote sports by having professional athletes come into school. Some of our recent visitors include: Paralympian, Leicester City academy player and an Olympic swimmer.
