Introduction

The purpose of this Policy is to ensure that the Symphony Learning Trust and each of its constituent academies maintains and develops systems of financial control which conform to the requirements both of propriety and or good financial management. It is essential that these systems operate properly to meet the requirements of our funding agreement with the Department for Education (DfE).

As a public body, the academy trust must ensure regularity, propriety and value for money in their management of public funds. The Trust and each of its academy members must therefore comply with the principles of financial control outlined in the Academies Financial Handbook, published by the DfE. This policy expands on that and provides detailed information on the accounting procedures and systems in place across the Academy Trust.

Throughout this document, unless indicated otherwise, all references to 'Head Teacher' include the Executive Head Teacher and the Head of School. Duties / levels of authority that have been assigned to the Head Teacher may also be carried out by the Deputy Head Teacher in cases where they are deputising.

This policy should be read and adhered to by all staff, governors and trustees involved with financial systems.

The Finance Policy must be read in conjunction with the annual Academies Financial Handbook and Academies Accounts Direction (Accounts are prepared on this basis) that is released by the ESFA annually.

Organisational Structure, Roles and Responsibilities

Organisational Structure

The Symphony Learning Trust is the statutory body for all of its member academies; as such the Academy Trust Board is responsible for the standards and operation of all academies in the Trust.

The Academy Trust Board has established a Local Governing Body in each academy, with agreed delegation arrangements. Full details can be viewed in the separate document: Scheme of Delegations.

Academy Trust Board Responsibilities

Academy Trusts are companies limited by guarantee and exempt charities. The board of trustees is subject to the duties and responsibilities of charitable trustees and company directors as well as any other conditions that the Secretary of State agrees with them. The board of Trustees must therefore also be aware of the Charity Commission's guidance for trustees "CC3: The Essential Trustee: What you Need to Know, What you Need to Do".

Governor's Responsibilities

The main financial responsibilities of the Local Governing Body of each academy are:

- To set and review the terms of reference for all sub-committees, including any delegations of financial responsibilities to the Finance Committee and/or others within the academy. These shall then be appended to this policy;
- Regular monitoring of the academy's actual income and expenditure against budget;
- Monitoring of contracts for goods/services;
- Ensuring compliance with standards, policies and schemes of delegation;
- Ensuring relevant reports are prepared for the Academy Trust Board in a timely manner;
- Detailed monitoring of expenditure, virements, income and cash flow;
- Authorising the award of contracts within limits as delegated by the Academy Trust Board (see Appendix A: Limits of Financial Delegation)
- Authorising changes to the academy personnel establishment;
- Reviewing the reports of the Internal Auditor on the effectiveness of, and any risks to, the financial procedures and controls and agreeing a programme of work that will address any issues identified, inform the statement of internal control and, so far as is possible, provide assurance to the external auditors. These reports must be shared with the full LGB (where responsibility has been delegated to a sub-committee) and with the Board of Trustees where any issues identified may also apply to other schools within The Trust.

Terms of Reference for Local Governing Bodies can be found in Appendix B.

The Local Governing Body may elect to delegate many financial responsibilities to a Finance Sub-Committee, or similar. Such a decision and the levels of local delegated authority should be documented in the terms of reference for the relevant sub-committee.

Responsibilities of the Academy Trust's Accounting Officer

The Chief Executive Officer of the Trust shall be the designated Accounting Officer for the Academy Trust and, as such, shall be responsible to Parliament and to the Accounting Officer of the Education and Skills Funding Agency (ESFA) for the resources under the Trust's control.

The Accounting Officer must have appropriate oversight of financial transactions, including:

- Ensuring that the relevant Academy financial regulations and/or DfE and ESFA requirements are implemented across the Trust;
- Establishing sound internal financial controls which are managed on a daily basis by the Head Teacher / Head of School and the Finance Officer of each academy;
- Ensuring the effective implementation of current financial systems and procedures described in the Financial Management Handbook (even in the absence of key staff);
- Checking that the funds delegated by the DfE / ESFA / LA are correct;
- Producing regular reconciled budget / financial reports for the Academy Trust Board and DfE as appropriate.
- Ensuring that all of the Academy Trust's property and assets are under the control of the trustees, and that measures are in place to prevent losses or misuse, including maintenance of fixed asset registers and inventories;
- Ensuring full and accurate accounting records are maintained to support the annual accounts;

- Signing, with the Chair of the Academy Trust Board, the approved budget and annual accounts, ensuring they are properly presented and causing records to be maintained relating to the accounts;
- Authorising contracts and orders in accordance with the provisions of the Scheme of Delegations;
- Signing cheques in conjunction with other authorised signatories

The Accounting Officer must also notify the Academy Trust Board in writing if, at any time, they consider that:

- Any action or policy under consideration is incompatible with the terms of the Academies Financial Handbook of the Funding Agreement; or
- The Academy Trust Board appears to be failing to act where required to do so by the terms and conditions of the Academies Financial Handbook or the Funding Agreement.

Head Teacher / Head of School Responsibilities

Within the framework of the School Development Plan, the Head Teacher / Head of School has responsibility for their academy's activities, including financial activities such as:

- Ensuring the efficient, economical and effective management of resources and expenditure, including funds, capital assets, equipment and staff to achieve the academy's aims and objectives;
- The overall organisation, management and staffing of the academy, ensuring that any changes to staffing structure are approved by the Local Governing Body;
- Leading and managing the creation and subsequent monitoring of a strategic plan (the School Development Plan) underpinned by sound resource planning which identifies priorities and targets for ensuring that pupils achieve high standards and make progress, increasing teacher effectiveness and securing school improvement.
- To have input into the overall strategic direction of the school to support further development of the MAT;
- Setting appropriate priorities for expenditure, including budget setting/allocation of funds;
- Procedures in financial and other matters, including conduct and discipline;
- Ensuring value for money;
- Ensuring the maintenance of sound financial controls;
- Signing, with the Local Chair of Governors, the approved budget and annual accounts information;
- Approving new staff appointments within the authorised establishment, except for any senior staff posts which the Academy Trust Board have determined should be approved by them;
- Consider and respond promptly to recommendations in school audit/inspection reports, and advise governors of results and any remedial action to be implemented;
- Authorising contracts and orders in accordance with the provisions of the Scheme of Delegations;
- Signing cheques in conjunction with other authorised signatories.

Chief Finance Officer Responsibilities

The Chief Finance Officer (CFO) shall be a designated School Business Manager from one of the academies within The Trust who will work in close collaboration with the Accounting Officer through whom they will be responsible to the Academy Trust Board.

The Chief Finance Officer shall undertake the role of Finance Officer for their own school and for any other schools within The Trust as may be agreed from time to time. In addition, they shall be responsible for:

- Ensuring that the annual accounts are prepared, properly presented and adequately supported by the underlying books and records of the Academy Trust;
- Preparing and monitoring the budget for the Symphony Learning Trust central fund;
- Liaising with the accountants / auditors;
- Providing assistance and information as necessary to assist the Academy Trust Board in the satisfactory completion of their financial responsibilities;
- Ensuring forms and returns for the Academy Trust are sent to the DfE in a timely manner.

The CFO shall be assisted in the fulfilment of these responsibilities by the Academy Trust's appointed Accountants, and by the Finance Officer/School Business Managers for each member academy.

Finance Officer Responsibilities

Each academy shall identify a member of staff who shall be designated as Finance Officer for the academy. This will normally be their School Business Manager or Bursar.

The main responsibilities of the Finance Officer are:

- Managing day-to-day financial issues, including the establishment and operation of a suitable accounting system;
- Managing the academy financial position within the framework for financial control determined by the Academy Trust Board and Local Governing Body;
- Maintaining effective systems of internal control;
- Ensuring that information is available to support the preparation and presentation of the annual accounts;
- Liaising with the CFO and auditors/accountants on academy level matters;
- Providing assistance and information as necessary to assist the Chief Finance Officer and Local Governing Body in the satisfactory completion of their financial duties;
- Ensuring forms and returns for the Academy are sent to the DfE in a timely manner.

Budget Holder Responsibilities

Budget holders are required to comply with all relevant sections of this manual and to exercise responsibility for routine control and monitoring of their budget expenditure.

All employees who have budgetary control in any form are required to sign a Financial Competency Form (Appendix C) and the Finance Officer will ensure this is actioned when the budget is agreed or updated throughout the year.

Other Staff

All staff are responsible for:

- The security of academy property;
- Avoiding loss or damage;
- Ensuring economy and efficiency in the use of resources; and
- Conforming to the requirements of the Academy's financial procedures.

Finance Officers, Budget Holders and Other Staff should refer to the SLT Standardised Ledger Codes, which provides an explanation as to which Ledger Codes should be used, standardised definitions for accruals, prepayments and how to process journals.

Internal Audit

The Academy Trust Board has responsibility for appointing internal auditors to undertake internal scrutiny, with approval by the Trustees Finance and Audit Committee. Internal scrutiny now covers both financial and non- financial controls and Symphony can now use additional individuals or organisations to support internal scrutiny where specialist non-financial knowledge is required. This will provide either/or financial or non-financial oversight of each academies controls and report findings as laid down by the Trust Board.

A report of the findings from each visit will be presented to the Local Governing Body (via their Finance Committee if delegated) and shared with the Board of Trustees as appropriate.

The Trustees have appointed SBM Consultancy and the Trustees Finance and Audit Committee will agree with financial and non-financial controls will be assessed as part of the annual process.

External Auditor

The Trust must maintain adequate accounting records and prepare annual accounts. Annual accounts must be audited, by an appointed external auditor and the accounting period ends 31st August PA.

The preparation of the annual audit is governed by The Academies Account Direction, which is produced annually by the ESFA.

Business Integrity

Pecuniary / Business Interests

All Trustees, Governors and Staff with significant spending powers must declare any pecuniary interests at all times, and should enter any on-going interests that may raise a conflict of loyalty in a Register of Interests kept in the relevant academy. This register should be regularly drawn to Governor's attention, at least once a year, and amended as needed.

The existence of a Register of Interests does not detract from the duties of individuals to declare interests whenever they are relevant to matters being discussed. Where an

interest has been declared the individual should not attend that part of any committee or other meeting.

An example of the Trust's Pecuniary Interests Form can be found in Appendix D.

Segregation of Duties

The size and staffing arrangements of each school will affect the segregation of duties. However, as a minimum one person should process and record various functions and another person must authorise the process. Where authorisation is by 2 people, at least one of those persons must not have been involved in processing/recording any functions.

If possible duties should be segregated between more than 2 people.

Internal Control

Internal delegation within each school, subject to the limits of authority to incur expenditure (as detailed in Appendix A), will be as follows:

Expenses forms, absence requests and other salaries documentation	Head Teacher
Orders	Head Teacher, Deputy Head Teacher, Assistant Head Teacher, School Business Manager
Cheque signatories and BACS authorisation	Head Teacher, Chair of Governors, up to 2 others as determined by the Local Governing Body and identified within the current bank mandate for the school. For further details see the Expenditure section of this document.

Information Management Systems

All schools within the Symphony Learning Trust will use the same Integrated Information Management Systems for financial processing and maintaining pupil and staff records (currently FMS and SIMS).

System Access / Security

Information Management Systems must be kept discrete from the student network system.

Access to the systems must be password restricted, and individual user profiles must be set to ensure that users can only view and/or edit elements of the system that are relevant to their role and responsibilities. Individual users must change their password at least once every term. The System Manager login details for both FMS and SIMS should be written down and stored in a sealed envelope in the school safe (in case of an emergency).

Care must be taken to protect against unauthorised access to the systems: users must either log out or lock their computers when leaving the room.

The Chief Finance Officer, and at least one other Finance Officer, shall have oversight of the SIMS Finance records of every school in the trust, for the purposes of collective financial reporting, including to support the preparation of the annual accounts.

Back-up Procedures

The Finance Officer is responsible for ensuring that there are effective back-up procedures for the system. Data should be copied to a removable medium and the copies stored in a secure place, preferably in a fireproof container. The back-ups should not be recorded on the same removable medium each time – in order to provide more protection from the loss of data at least 3 different discs should be used in rotation. The most recent back-up should be stored off-site.

Back-up copies should be taken on at least a weekly basis, and preferably daily.

The Business Continuity Plan should provide for loss of accounting facilities or financial data.

Transaction Processing

All transactions input to the accounting system must be authorised in accordance with the procedures specified in this manual.

Detailed information on the operation of the systems can be found in the user manuals, held in the office at each school.

Reconciliations

The Finance Officer is responsible for ensuring the following reconciliations are performed each month:

- Sales ledger control account;
- Purchase ledger control account;
- Payroll control account;
- All suspense accounts;
- Bank balance per the nominal ledger to the bank statement.
- Cashflow

Any unusual or long outstanding reconciling items must be brought to the attention of the Head Teacher.

Bank Accounts

Bank Account Management /Access

The bank mandate defines who is permitted access to the bank account, and the nature of that access (e.g. administrator, signatory, etc), and also defines the requirements for authorisation of payments, which as a minimum must require 2 signatures for every cheque/BACS run.

The bank mandate must be changed promptly when relevant staff/governors leave their positions within the school.

The Finance Officer and/or Business Manager for each school shall have online access to the bank account to view and print statements. Local Governing Bodies may agree for other appropriate staff members to have similar online access as a contingency against staff absence, if required.

Controls

There must be a segregation of duties between the preparation, authorisation and issue of cheques: no-one who prepares and issues the cheque may also sign it without a second signatory who has not been involved in the cheque's preparation and issue.

Similar controls over segregation of duties are applied to BACS and electronic banking.

Deposits

Particulars of any deposit must be entered on a copy paying-in slip, counterfoil or listed in a supporting book and should include:

- The amount of the deposit; and
- A reference, such as the number of the receipt of the name of the debtor

The security of funds and of personnel must be considered when determining arrangements for depositing funds in the bank. Governors may determine that a cash collection company should be appointed to collect funds from the school on a regular basis. Where this arrangement is not put in place, or if additional deposits are required (e.g. at the end of term, or if cash in school exceeds insured levels), deposits of less than £500 cash may be taken to the bank by one person, otherwise two people must go together. Staff must be careful not to exceed insurance limits for cash in transit when preparing cash for banking.

Trips to the bank should be made on different days / different times of day, and preferably using a different car.

Bank Reconciliation

The Finance Officer/Chief Financial Officer for the Trust must ensure that bank statements are received regularly and that reconciliations are performed promptly and at least on a monthly basis. Reconciliation procedures must ensure that:

- All bank accounts are reconciled to the school's cash book;
- Reconciliations are subject to an independent monthly review carried out by the Executive Head Teacher, Head Teacher, Head of School, Deputy Head Teachers, Chief Financial Officer or School Business Manager (unless they have prepared the reconciliation); and
- Adjustments arising from the monthly review are dealt with promptly.
- Cash flow is reviewed monthly as part of the month end reconciliation and ensure the school can meet their liabilities, any concerns must be discussed with CFO, as soon as identified.

Budgetary Cycle

The school finances shall be planned through:

- The approval and implementation of an annual budget based on the aims, objectives and priorities of the school, the financial position of the school and the levels of projected reserves;
- Preparation of a medium term Financial Plan of at least 3-years, updated annually.

The timetable for the preparation, presentation and approval of the budget is included in the financial calendar (Appendix E).

Development Plan

Each school within the Trust will have a school development plan, identifying the future aims and objectives of the school and how they are to be achieved. The development plan should match objectives to the resources expected to be available.

The development plan provides a framework for the annual budget, which is a detailed statement of the expected resources available to the academy and the planned use of those resources for the following year.

Each year the Head Teacher will discuss the Development Plan with the Local Governing Body, including:

- A review of past activities, aims and objectives;
- Definition or redefinition of aims and objectives;
- Development of the plan and associated budgets;
- Implementation, monitoring and review of the plan; and
- Feedback into the next planning cycle.

The completed plan will include detailed objectives for the coming academic year, with estimated resource costs (capital and revenue) associated with each objective and success criteria against which achievement can be measured.

The medium-term financial plan should be prepared as part of the development planning process, and should indicate how the school's educational and other objectives are going to be achieved within the expected level of resources over the next three years.

Budget Forecasting/Annual/Three Year Budget

The Head Teacher is responsible for preparing the annual/three year budget, in conjunction with the School Business Manager/Finance Officer, and for obtaining approval from the Local Finance Committee and the Local Governing Body.

The Academy Trust may take advantage of the provisions of the Academies Financial Handbook, which allows a Multi Academy Trust to amalgamate a proportion of GAG funding for all of its academies to form one central fund. This fund can then be used to

meet the normal running costs at any of the academies within the MAT in accordance with the guidelines that govern the use of GAG funding. Any such pooling must be agreed and the Academy Trust Board must ensure that each school is treated fairly.

The budgetary planning process will incorporate the following elements:

- Forecast of the likely number of pupils, to estimate the amount of DfE grant receivable;
- Review of other income sources to assess likely level of receipts;
- Review of past performance against budgets;
- Identification of potential efficiency savings; and
- Review of the main expenditure headings in light of development plan objectives and expected variations in cost (e.g. pay increase, inflation, and other anticipated changes).
- The annual/three year budget must be set as a balanced budget, all income and expenditure is allocated, whereby there should not be an over or under spend.
- If the balanced budget has an overspend (Deficit), schools must demonstrate how this deficit is to be cleared and over what time frame. This must be reported to Finance Trustees when setting the budget and a progress report is presented at the Finance Trustees meeting. The Finance Trustees will review, provide support and guidance, and where necessary undertake visits to individual schools.
- If the balanced budget has an underspend (therefore will form part of next year's carry forward), schools must demonstrate the purpose of the carry forward and up to 0.50% of the GAG is permitted to be retained for contingency.

Budget Forecast & Reforecast

The three-year budget is agreed June every year.

The reforecast takes place in October and April annually. The CFO will also undertake an internal review of the budgets in February annually and focus on schools indicating an in-year or forecasting a deficit. If the school is unable to sustain a balanced budget, discussions will take place with the Head teachers and SBM's and an action plan agreed to resolve the issue, this may include vertical classes, restructures and renegotiations of contracts.

Centralised Services

- Symphony Learning Trust's current formula for centralising services is based upon a contribution by all schools of 5% of the GAG.
- The formula to centralise services is agreed annually by the Trustee Finance and Audit Committee and will be communicated to all schools.
- The formula may be a variation of a percentage of the GAG, a fixed amount and/or any variation as agreed by the Trust Finance and Audit Committee.
- This centralised services contribution will fund the following:
 - Central salaries: CEO, CFO and Admin salaries based on a formula agreed by the Trustees.
 - A number of support services that have been centralised and schools are provided with a detailed list and this may be obtained from the CFO.

- The schools will be invoiced termly and the payment must be made with 30 days of receipt.
- If a school is in financial difficulty, a proposal must be presented by the school to the Trustee Finance and Audit Committee for a dispensation with the benefits and a business plan, as to how this will be resolved in the following year.

A clear statement of the assumptions and priorities supporting the budget will be maintained by the Head Teacher.

Once the draft budget plan has been prepared this shall be presented to the Finance Committee for agreement. This should be accompanied by a statement of assumptions and hierarchy of priorities so that if circumstances change it is easier for all concerned to take remedial action. The final budget plan shall then be presented to the full Local Governing Body and to the Academy Trust Board for final approval.

The final budget plan should be seen as a working document which may need revising throughout the year as circumstances change. All budget virements must be authorised by the Finance Committee.

The Finance Officer must ensure that the approved budget is entered onto the finance system at the commencement of the new financial year.

New schools joining the Trust or newly appointed Finance Officers/School Business Managers, must submit the budget to the lead School Business Manager and/CFO before approval by the LGB and Finance and Audit Trustees meeting.

Lead School Business Managers if required to attend the June's budget setting meeting with Finance and Audit Trustees Committee if required.

Budgets and Authority Levels

Details of the approved budget plan will be communicated to individual budget holders as appropriate.

Authority to incur expenditure consistent with the budget is laid out in Appendix A.

School Monitoring and Review

The monitoring process should be effective and timely in highlighting variances in the budget, so that differences can be investigated and action taken where appropriate. If a budget overspend is forecast, it may be appropriate to vire money from another budget or from the contingency – all budget virements must be authorised by the Finance Committee.

Monthly reports will be prepared for the Head Teacher by the Finance Officer, detailing actual income and expenditure against budget.

Budget monitoring reports will be presented to the Finance Committee at their regular meetings, in a format agreed with the committee.

The Finance Officer will issue budget / spending reports to individual budget holders periodically and on request.

Any potential overspend against the budget must be discussed with the Head Teacher.

Trust Budget Monitoring and Review

The Trust must prepare management accounts monthly, setting out its financial performance and position and SBM's/Senior/Director/CFO/CEO must take appropriate action to ensure ongoing viability.

Management accounts must be shared with the Chair of Trustees every month and with other Trustees at least six times per year and Board considers these when it meets.

The Board must ensure appropriate action is being taken to maintain financial viability, including addressing any variances between budget, actual income and expenditure.

The format of the management accounts must include income and expenditure, variation to budget report, cash flows and balance sheet (if applicable)

The Trust must select Key financial performance indicators and measure its performance against them regularly.

Expenditure

Best Value

The Local Governing Body is accountable for the way in which the school's resources are allocated to meet the objectives set out in the school's plans. Each school within the Symphony Learning Trust needs to secure the best possible outcome for pupils sustained in the most efficient and effective way, at a reasonable cost. This means that all expenditure needs to equip the school with the resources that are needed in the correct quantity and quality and in a timely manner.

Staff should be deployed to provide best value in terms of quality of teaching, quality of learning, staff-student ratio and curriculum management.

A large proportion of all expenditure will come from public funds, so to maintain the integrity of these funds each school will adhere to the general principles of:

- Probity – it must be demonstrable that there is no corruption or private gain involved in the contractual relationships of the school;
- Accountability – the school is publicly accountable for its expenditure and the conduct of its affairs; and
- Fairness – all those dealt with by the academy should receive fair and equitable treatment

Purchasing and Tendering/Quotes Procedures

Prices / quotations should be obtained for all purchases and orders, subject to the following limits:

Value of purchase / contract / work	Number of quotes
Up to £500	No quotes required
Over £500 and no more than £3,000	1 written quote
Over £3,000 and no more than £6,000	2 written quotes
Over £6,000 and no more than £50,000	3 written quotes
Over £50,000	Formal tendering procedures
Over £181,302 (reviewed annually)	Purchases may fall under EU procurement rules which require advertising in the Official Journal of the European Union

The Finance Officer shall keep records of all purchases made, including quotations received but not accepted.

Further information about different forms of tender can be found in Appendix F.

Values of goods and services requirements should be calculated on the basis of total cumulative value across the full scope and term of requirements. If goods and services are a perpetual requirement, then the total value across the full contract term (including options to extend) should be used.

- Less than £500; Direct Purchase. No formal competition requirements. Petty cash, procurement card or purchase order and invoice.
- Above £500 and up to £3,000: Best Value example – One quotation sourced, by email, or internet. Purchase by procurement card or purchase order and invoice
- Above £3,000 and up to £6,000: Two recorded and referenced quotations by email, or internet. Purchase by purchase order and invoice.
- Above £6,000 and up to £50,000: Three formal written quotations to be obtained. Purchase by purchase order and invoice.
- Above £50,000 and up to EU thresholds: Three formal written quotations submitted by a specified date and time based upon terms and conditions approved by the governing body, a written specified, and pre-defined evaluation criteria. Purchase via formal acceptance of winning tender followed by purchase order and invoice. Also advertised as a tender exercise on websites approved by the governing body.
- Over £181,302; giving due regard to EU thresholds, associated legislative requirements, and risk, must consider appointing specialised expertise to support the procurement. All legislative obligations must be met including tender advertising, timescales, process, and transparency. Terms and conditions of contract must be approved by the governing body.
- Where Specialist goods and services are being purchased and the value is more than £6000 and it is not possible to obtain more than one quote, due to the specialist nature

of the works. As long as this is noted in the schools LGB/Trustees meeting, it will be deemed acceptable.

In alignment with the approved processes detailed in the section above, the activities of specifying requirements, setting the evaluation criteria, evaluating quotes/bids/tenders, and signing off award of contract require the following levels of approval: (For this purpose of this document Head Teacher and Executive Head Teacher have the same rights within their prospective schools.)

Exceptions to detailed process and governance arrangements may be approved by the governing body for individual procurements.

Procurement process requirements and activities detailed within the governance table may be deemed to have been met where value for money has already been determined through a transparent procurement in accordance with legislative requirements by another professional body (i.e. ESPO). In this instance, for procurements between the values of £25,000 and the EU threshold, then the Local Governing Body/Finance Committee may approve an exception to prescribed process and governance arrangements.

Procurement Governance/Evaluation Approval Table

www.gov.uk/contracts-finder and www.sourceleicestershire.co.uk ¹ Central purchasing bodies such as ESPO are one route via which this expertise can be acquired.

Financial Value	Specification Approval	Evaluation Criteria Approval	Evaluation Scoring	Award of Contract / Completion of Purchase
Under £500	Any member of staff under the approved delegation of the Exec/Head Teacher	N/A	N/A	Any member of staff under the approved delegation of the Exec/Head Teacher
£500 - £6,000	School Business Manager/CFO	Exec/Head Teacher	N/A	School Business Manager
£6001 - £10,000	Exec/Head Teacher/ CFO	Exec/Head Teacher/ CFO	Exec/Head Teacher / CFO	Exec/Head Teacher / CFO
£10,001 up to £15,000	Exec/Head Teacher / CEO / CFO	Exec/Head Teacher / CEO / CFO	Exec/Head Teacher / CEO / CFO	Chair of LGB / Chair of Finance Committee
£15001 up to £25,000	Exec/Head Teacher / CEO / CFO	Local Governing Body	Exec/Head Teacher / CEO plus two Governors / Trustees (including at least one non-staff member) / CFO	Local Governing Body / Finance Committee
£25001 up to £50,000	Trust Finance Committee	Trust Finance Committee	Exec/Head Teacher plus two Trustees (including at least one non-staff member)	Trust Finance Committee
Over £50,000	Board of Trustees	Board of Trustees	Exec/Head Teacher plus two Trustees (including at least one non-staff member)	Board of Trustees
Capital Improvement Fund Bids (CIF)– up to EU Threshold	Local Governing Body	Local Governing Body	LGB or professional body engaged to do this	LGB or Exec Head/Head plus two non-staff governors

CIF – Over EU Threshold	Local Governing Body	Local Governing Body	As Above	Board of Trustees Or AO and non-staff trustees**
-------------------------	----------------------	----------------------	----------	--

NB CFO/CEO will sign SLT/Central MAT Expenditure Only

** It is intended that delegation to the sub group will be required, when there is a need to expedite commissioning of work funded through the Capital Improvement Fund out of the normal meeting cycle.

Tender Opening

Tenders and quotations for requirements over a value of £15,000 should be instructed to be returned to a specified location by a specified deadline, clearly marked as “Tender” with the applicable deadline return date and contract/requirement title/description.

Tenders should only be opened after the return deadline, and with two people present. A documentary record must be created, detailing the time and date of opening, those individuals present, and the tenders received in respect of supplier name and price.

Contract Extensions

For contracts below the EU Threshold, the Headteacher may extend within the scope of options to extend detailed in the contract agreement, as already approved by the Governing Body. Extension of contracts above £15,000, either beyond extension terms provisioned within the original contract or for a contract over the EU threshold, must be subject to approval from the Local Governing Body.

Contract Variations

For contracts below a value of £10,000, the Headteacher may vary contracts provided that the total value does not exceed £15,000, and appropriate records are maintained on file.

For contracts above a value of £10,000 but less than £15,000, the Headteacher may approve minor variations which do not change the material nature of the contract, or result in a change of contract price of more than 10 percent.

Variations to contracts in all other circumstances must be approved by the governing body.

Due Diligence for Contracts

Prior to the award of contract, appropriate checks should be undertaken as deemed appropriate by the individual or body/group responsible for evaluation scoring. These checks may include, but are not necessarily limited to:

- Validation of insurance and indemnity certificates;
- Validation of professional memberships/qualifications
- Credit check of supplier to identify any potential financial sustainability or impropriety risks;
- Disclosure and Barring Security (DBS) checks on nominated key personnel (where relevant);
- Professional references (where not already obtained at an earlier part of the procurement).

Further periodic revalidation checks may also be deemed appropriate during the term of some contracts.

Operating Leases

Schools should only to commit to funding purchases via an Operating Lease and are not able to undertake any other type of leases or loan repayment type funded projects.

Where an Operating Lease is to be undertaken, in the first instance ensure that an alternative purchase option is not available.

All Operating Leases should be approved by the LGB/Trustee Finance and Audit Committee, before the Operating Leases are undertaken and are usually between 3 to 5 years.

Any Leases over this timeframe, should be rigorously tested, all other options exhausted and must only be approved by the Trustees Finance and Audit Committee.

SIMS Finance – Authority Levels:

SIMS Finance has a number of authority levels to approve Orders and Invoices and each school will agree what level is required by each finance staff member and the levels are approved by the CFO:

Code	Authority Limit up to	Role
01	£0.00	N/A
02	£500	Finance Clerk
03	£6,000	Finance Clerk
04	£10,000	Finance Supervisor
05	£15,000	Bursar/Finance Manager
06	£25,000	SBM/Senior SBM/School Business Director
07	£50,000	SBM/Senior SBM/School Business Director
08	£100,000	SBM/Senior SBM/School Business Director
09	£999,999,999	CFO/Finance Director – Administrator Role

As each school has to ensure segregation of duties and therefore roles have been created within each school to ensure compliance with the system driven requirements.

Ordering - Routine

Wherever possible purchases should be made through the school's ordering system.

A quote or price must always be obtained before any order is placed. Where possible a supplier should be chosen from a list of approved suppliers, maintained in the school office.

All orders must be made or confirmed in writing; order forms are held in the school office. Orders must bear the signature of the budget holder or head teacher (as appropriate to the value of the order) and must be forwarded to the school office where they will be checked to ensure adequate budgetary provision before an official order is created on the accounting system and dispatched to the supplier.

Order forms and copies of official orders are retained in the Orders file in the office until the goods have been received and invoiced.

Ordering - Internet

Internet ordering should only be used where goods cannot be requisitioned through normal ordering channels, or where the savings are significant. Orders should only be placed with reputable companies and before placing an order the following details should be verified:

- The supplier's name and address is referred to on the website;
- The company's terms and conditions of trading have been viewed and are reasonable;
- The transaction will take place under UK jurisdiction, where normal forms of redress are available to solve problems or disputes regarding faulty goods or non-delivery of goods (note: a ".uk" web address does not always mean the firm is UK based);
- A full description is obtained of the goods or services to be purchased;
- The price(s), including taxes;
- Delivery costs and arrangements;
- How long the price will stay valid;
- The rights of the purchaser to cancel the order;
- If a service is being procured, then the duration of the commitment and any future costs;
- That the contract in law is between the school and the supplier, not between the individual and the supplier.

The preferred payment method is to request that an invoice is issued by the supplier, for payment once the goods have been received. However, many suppliers will only accept payment by debit/credit card. In this case only the school credit/charge/purchasing card may be used (see section headed "Debit/Credit/Charge/Purchasing Cards" below).

No payment card details should be saved on any website for future use, and it is paramount that online payments are undertaken using a secure method (i.e. SSL). Visible proof of this will be a message appearing in a small window indicating that the transmission is to take place over a secure line, and can also be evidenced by a small closed padlock icon on the bottom row of the browser screen and/or the internet address starting with <https://> (the denoting a secure link). Alternatively, the website should display the "TrustUK" symbol.

A copy of the order, together with prices and the budget to which the goods should be charged must be passed to the office.

Receipt of Goods / Services

A detailed check must be made of the goods received against the delivery note and order: this should normally be completed within 1 working day of delivery by any member of staff except the person who raised the original order.

Any discrepancy must be recorded and raised with the supplier without delay. Once checked, the delivery note should be filed awaiting invoice, with a record of any returns / shortages.

If a budget holder is pursuing a query with a supplier the Finance Officer must be informed of the query and periodically updated with progress.

If the delivery paperwork includes the invoice, then this must be forwarded to the school office immediately.

For purchases made using a debit / credit / charge / purchasing card, satisfactory receipt of the goods must be confirmed on the expenditure summary form.

Credit Notes

Credit notes should be offset against the invoice to which the credit note relates, ensuring that it is coded to the appropriate cost centre / ledger code.

Invoice / Payment Processing

All invoices should be forwarded to the school office immediately upon receipt. The Finance Officer will then arrange payment ensuring:

- The invoice is arithmetically correct;
- The goods / services have been received;
- The goods / services are as ordered;
- The prices are correct;
- The invoices is posted to the correct cost centre and purchase ledger code;
- The invoice is authorised for payment;
- The VAT is treated correctly.

Authorisation for payment may be evidenced by:

- Invoice signed by the budget holder;
- Order signed by the budget holder and checked delivery note showing that all goods have been received;
- Cheque / BACS Run Report for a batch of invoices, signed by the appropriate number of signatories.

Cheques

All cheque books and/or pre-printed cheques must be stored securely.

Two signatures are required on all cheques. (See Appendix A).

Cancelled cheques must be retained.

BACS Payments

Payment by BACS is quicker, more secure and more cost-effective than payment by cheque and is the preferred method of payment.

Care must be taken to ensure the correct supplier bank details are entered onto the finance system, as provided by the supplier. It is not common for companies to change their bank account details, so any instruction of this nature should be treated with caution, and details only updated once the school is confident that the correct details have been provided.

A BACS Run Report should be printed and authorised before the payment file is created / uploaded and approved.

Online approval of BACS payments will be subject to the bank mandate. Staff entitled to approve a payment will be issued with an authorisation card which must be stored safely by the card holder. Cards and card readers must be stored separately.

Direct Debits

Direct Debits may be used for regular payments for services provided the services are secure (i.e. rates, leases, utilities, etc).

The Direct Debit mandate should be authorised in accordance with the bank mandate, taking account of the likely value of each payment.

Details of all Direct Debit instructions, and all payments made via direct debit should be retained.

Invoices relating to direct debit payments must be subject to the same level of scrutiny as all other invoices. In the case of utility invoices, local meter readings should be taken monthly and used to ensure that any estimated readings used on the invoice are reasonable.

Debit / Credit / Charge / Purchasing Cards

The CFO shall determine whether their school will use such cards, taking into account the potential risks. The maximum monthly spending limit for each school should not exceed £10,000. This limit may be split across several individual cards to fit the needs of the business. Copies of all application forms for cards shall be retained with the bank mandate.

Purchases should be made through official school purchasing routes only – whether that is by official order or use of a charge card. Approval must be obtained from the budget holder prior to purchasing.

Staff must not use their personal credit/debit card, cash or banking facilities. If there is an exceptional reason as to why a staff member needs to use their personal banking facilities, authority must be obtained from the Executive Head/Head Teacher/SBM.

Credit card, charge card and purchasing card accounts must be settled in full on a monthly basis to avoid infringing academy borrowing restrictions and a direct debit must be set up to pay the balance off in full on a monthly basis. The Finance Officer shall control the use of the cards, and will oversee the following:

Cards will be stored in the school safe at all times, except when officially issued to an authorised user;

Any spending limit must not be exceeded;

· Cards must be signed out by the user immediately before use and signed back in immediately after use (or as soon as practicable) by a member of the office staff (if the card has been used by a member of office staff then a different person must sign the card back in);

All expenditure must be supported by a receipt and where available the online order confirmation. Where VAT has been paid a VAT invoice / receipt must be obtained. These

receipts should be attached to the monthly charge card statements for reconciliation to the financial management system.

Pin Numbers should not be retained with the Credit / Charge / Purchasing Cards and kept separately.

Debit Cards:

Schools must not hold a debit card for any school accounts and any existing cards must be destroyed, if schools do need to hold a debit card, this must be agreed by the Local Finance Committee.

Petty Cash

Schools may maintain a maximum cash balance of £300, to be kept in the school safe and administered by the Finance Officer.

Deposits to petty cash should be from cheques cashed specifically for the purpose. The receipt should be recorded in the petty cash system with the date, amount and a reference (i.e. the cheque number) relating to the payment. All other cash receipts must be paid directly into the bank.

In the interests of security petty cash payments will be limited to £25. Higher value payments should be made by cheque directly from the main bank account.

All petty cash claims should be supported by a receipt (VAT receipt where applicable)

The Finance Officer is responsible for ensuring that all transactions are entered into the petty cash records on a regular basis, and regular cash counts should be undertaken to ensure that the cash balance reconciles to supporting documentation.

Payroll and Governor Remuneration

Payroll processing is outsourced to Leicestershire County Council, under a comprehensive service level agreement, which includes ensuring compliance with all requirements of the relevant pension schemes.

The payroll provider is responsible for calculating all deductions from pay, in compliance with current legislation including tax, national insurance contributions and pensions.

Changes to Payroll Information / Staffing

Employee records are maintained by the Finance Officer, with all additions and changes requiring authorisation by the Head Teacher before they are released by secure electronic transfer to the payroll provider. The Finance Officer is responsible for ensuring that details are released to payroll in a timely manner, taking account of monthly cut-off dates.

Claim forms for additional hours, and notifications of other adjustments to pay will be completed on a monthly basis, as authorised by the Head Teacher prior to being submitted to the payroll provider.

Payroll Reports and Reconciliation

After the payroll has been processed, but before payments are dispatched, monthly payroll reports detailing all amounts payable will be received from the payroll provider. The Finance Officer is responsible for ensuring that this information is reviewed and reconciled to all claim forms and other adjustments on a monthly basis, where possible in advance of the payment being released.

Details of payroll information shall be entered onto the accounting system on a monthly basis, with postings made to the payroll control account and to individual cost centres.

All salary payments should be made by BACS, other than in exceptional circumstances.

Pay Policy

The Academy Trust maintains a separate pay policy, to which each school appends any local determinations (e.g. TLR values, pay range for leadership posts, etc). This is reviewed annually.

Governor's Remuneration

The role of Governor is voluntary and therefore no individual shall receive any form of payment in respect of their Governor duties.

Where Governors incur financial costs in fulfilment of their duties they may claim a reimbursement of reasonable expenses in line with the Symphony Learning Trust Governor's Expenses Policy.

Mileage claims will be paid at rates approved by the Inland Revenue. For all other expenses the claim must be supported by receipts.

VAT

Operating a state funded school is a non-business activity for VAT purposes (outside the scope of VAT).

Other activity, not related to the core purpose of state education, is considered "business activity", and is likely to be a combination of tax exempt business activity and taxable business activity.

Academy Trusts must register for VAT where the value of their taxable business activity exceeds the VAT registration threshold on a rolling 12 month period. Financial controls should be put in place to ensure that total taxable supplies are monitored and compared to the VAT threshold.

The value of taxable business activities across the Symphony Learning Trust falls well below the VAT registration threshold, and therefore the Trust has elected **not** to register for VAT. Levels of taxable business activity will be monitored annually during the preparation of the annual accounts, and action taken to register for VAT should this become a requirement.

Academies are able to reclaim VAT on their educational activities, via a VAT 126 form. Adjustments must be made to the total amount of VAT reclaimed to reflect any expenditure

on other (non-business) activities. (e.g. staff meals, expenditure associated with lettings, etc). The advice of the Trust's accountants should be taken regarding how this adjustment should be calculated.

VAT receipts must be obtained for all transactions where VAT is incurred, showing:

Invoices up to £100 (gross)

- Date of supply;
- Supplier's name, address and VAT registration number; and
- A description sufficient to identify the goods/services supplied

Invoices over £100 (gross)

- Date of supply;
- Supplier's name, address and VAT registration number;
- A description sufficient to identify the goods/services supplied;
- An identifying number and date;
- The customer's name and address;
- The type of supply (i.e. sale, rental, etc);
- Quantity and amount payable (excluding VAT) for each description;
- Rate of any cash discount offered; and
- Rate and amount of VAT charged.

Self Employed

All payments to individuals should normally be made through the payroll system, except if:

- The payment is for reimbursement of receipted expenses;
- The payment relates to payment of mileage claims where the rate to be paid is below the threshold set by the Inland Revenue;

The individual is self-employed and can prove that they are registered with the Inland Revenue and checks must be made against the HMRC website to ascertain their status, before payment is made. Self-employed people should also sign a statement agreeing that they will declare all payments from the school to the Inland Revenue (See Appendix H). The school should also satisfy themselves that their relationship with the individual is indicative of self-employment, using the employment status tool available at www.gov.uk/guidance/employment-status-indicator

Sources of Income

The main source of income for schools across the Trust are the grants from the DfE. Receipt of this income is monitored by the Finance Officer, who is responsible for ensuring that all grants due to the school are collected.

School may also obtain income from:

- Parents (e.g. trips, uniform sales, dinner money, etc)

- The Local Authority (e.g. High Needs funding)
- Other organisations (e.g. grant applications, donations)
- The public (e.g. lettings)

School Meals

School meal numbers for each type of meal (e.g. UIFSM, FMS, Paid pupil, Adult) are confirmed to the kitchen on a daily basis. Payments for school meals should be reconciled for every pupil on a regular basis, normally weekly, and appropriate action taken to recover any payment arrears.

Invoices for school meals should be reconciled against the number of meals taken.

Invoiced Income

The school must nominate a member of staff to take responsibility for maintaining records of bookings for facilities (lettings) and for notifying the finance officer of the sums due from each organisation.

The Finance Officer will establish and maintain a sales ledger account, and produce invoices as appropriate.

Non-Invoiced Income (including Donations)

Cash / cheque payments from parents (e.g. trips) should be forwarded promptly to the school office. A receipt will be produced for all payments made. Office staff will maintain an up to date record for each student showing the amount paid (including online payments) and any amount outstanding. All payments received will be entered on the system as income against the specific trip / service in order that the overall cost to the school can be monitored.

Other non-invoiced income in the form of cash/cheques will be receipted. A remittance advice (or similar verification) should be obtained in respect of any income received directly into the school bank account.

Cash Handling

Cash handled by any staff, other than those in the school office, must be kept secure and passed to office staff as soon as possible. Office staff are responsible for ensuring that cash is not left unattended at any time unless it is securely locked away.

Office staff must be aware of insurance limits and ensure that the amount of cash on site does not exceed these limits at any time.

Cheque Handling

Cheques should be paid into the bank promptly.

Debtors

The Local Governing Body is responsible for ensuring that procedures are in place for the recovery of any outstanding debt.

Payment should be obtained as and when goods/services/facilities are provided wherever possible.

Where payment is not made at the point of delivery then an invoice must be raised as soon as possible and normally within 7 days. Wherever practical, invoices should be raised using FMS Accounts Receivable. Invoices should clearly state the bill is due and payable at the invoice date.

If no payment is made within 30 days of invoice date, then a reminder should be issued to the debtor. The final reminder should clearly state that legal action will be taken if the debt is not settled in full within a further 14 days of the date of the reminder.

Where only part of a debt has been settled, a final reminder for the balance outstanding should be issued after 30 days of invoice date. The final reminder should clearly state that legal action will be taken if the debt is not settled in full within a further 14 days of the date of the reminder.

Where a debtor requests permission to settle the debt by instalments and extend the normal terms and conditions of supply they must submit an application in writing explaining the reasons for the request. The School Business Manager will agree the revised terms. If the debt is not settled within the terms agreed, then a final reminder should be issued to the debtor. The final reminder should clearly state that legal action will be taken if the debt is not settled in full within a further 14 days of the date of the reminder.

At each Finance Committee, the governors should be informed of any aged debtors in excess of £1,000 still outstanding after 60 days of the invoice date, together with any proposed action. This may be legal action, use of debt collection agency or write-off the debt. Each decision should be recorded in the minutes. Debts below £1,000 may be written off by the Headteacher provided normal follow-up action has been taken (see Appendix A). A report of debt's written off by the Headteacher should be reported to the next Finance Committee.

Individuals or organisations that have previously defaulted on payments are not allowed credit facilities. Where a debtor's payments are consistently paid outside the terms of supply, removal of the credit facility should be considered.

Bad debts above the amount detailed in the annual funding letter, or as per delegated limits in the Academies Financial Handbook will require approval of the Board of Trustees and permission from the ESFA.

Charging and Remissions

Each school shall maintain a separate appendix to the Trust's Charging and Remissions Policy, reflecting the general principles of the Education Act which identifies activities for which:

- Charges will not be made;
- Charges will be made;
- Charges may be waived

Cash Flow

The Finance Officer for each school should prepare a cashflow forecast, and monitor actual cash flow on a monthly basis, to help ensure that the bank account remains in credit at all times.

Each school to maintain a cash balance in their bank account to cover at least 1 month's payroll costs.

Reserves and Investments

Balanced Budgets

Schools should always ~~aim to~~ balance their budgets; therefore match income with expenditure in the current and forecasted years.

Schools may carry forward income into reserves that are considered necessary for future years' expenditure and may include funds set aside for replacement of capital items, such as ICT infrastructure or premises development, and allowance to cover the principle risks facing the school, including reductions in pupil numbers or school funding levels. There will be a tolerance level, however this must be agreed with the CFO and will be discussed with the Trustees.

Should the school face an in year deficit due to additional expenditure, it this must be bought to the attention of the CFO and an explanation provided, which will be reported to the Trustees.

Schools should not be forecasting deficits and before a deficit is forecast the Senior Leadership Team, should take appropriate steps to balance the budget. This may include, reducing staffing costs, reviewing service contracts, curriculum expenditure and consider vertical streaming. If the forecast budgets are still showing deficits, must discussed with the CFO and agreed by the Trustees.

Reserves

The amount of reserves required /held shall be reviewed and determined annually as part of the budget setting process, however at least *5% Total Income should be held in Reserves and this should not fall below £600,000 as a Trust. If a school is unable to retain 5% in Reserves, must be agreed with the CFO.*

Contingency

From the Reserves/Carry Forward, schools should aim to retain at least the equivalent value of One Month expenditure to ~~1% of ESFA GAG funding~~ for emergencies that schools may face outside their control. (Unless the school can demonstrate that they have sufficient Reserves/Carry Forward to manage any exceptional expenditure or emergencies). This is not a cumulative requirement and this is reviewed annually. It is the Finance Officers/Bursar and SBM's responsibility to ensure this is managed as part of the month end processes and any concerns are raised with their LGB's and subsequently escalated to the Trustees Finance and Audit Committee.

Investments

Each school should manage cash balances to provide for the day-to-day working capital requirements of its operations, whilst protecting the real long-term value of any surplus cash balances against inflation. Where surplus cash funds are held the governors will consider options available to optimise returns whilst ensuring the investments are such that there is no risk to the loss of these cash funds. The aim is to achieve the best financial return available whilst ensuring that the security of deposits takes precedence over revenue maximisation. Decisions on how much to invest and for how long will be based on operational requirements demonstrated by cash flow forecasts which should be updated monthly.

If it is identified that the school is holding a level of cash funds that will be surplus to requirements these may be invested only in banking institutions which have credit ratings assessed by Fitch and/or Moody to show good credit quality. To manage risk, deposits should be spread by banking institution and be subject to a maximum exposure of £500,000 with any PRA authorised institution by the Bank of England (refer to Financial Conduct Authority FCA). Whilst this exceeds the protection limit of £85,000 provided by the FCA it is accepted that it is not always practicable to find a sufficient number of investments of this size that meet the criteria in this policy.

Investments for a fixed term should not exceed one year in order to provide flexibility for the following year's plans and may be invested in the following:

- Interest bearing accounts with:
 - Lloyds Bank
 - Natwest Bank
 - Royal Bank of Scotland
 - Barclays Bank
 - HSBC
- Treasury deposits with maturity dates that do not result in the cash funds being unavailable for longer than 8 weeks.

On maturity of any investment the Finance Officer will review the level of funds that continue to be available for investment and the interest rates that can be achieved in order to optimise the benefits of any subsequent investment.

The Head Teacher shall be required to authorise the transfer of funds to any investment vehicle.

Any decisions to invest or not to invest must be approved and recorded by the Local Finance and Audit Committees, and the Trustees Finance and Audit Committee are notified of the decision.

1. Introduction

The Symphony Learning Trust is committed to ensuring that it acts with integrity and has high standards of personal conduct. Everyone involved with the Trust or any of its member schools has a responsibility in respect of recognising potential fraud, preventing and detecting fraud. It is the duty of all staff, governors and trustees to take reasonable steps to limit the possibility of corrupt practices and to take advice from the internal and external auditors on the adequacy of the measures taken across the Trust to ensure financial compliance.

Fraud is a general term covering theft, deliberate misuse or misappropriation of assets or anything that leads to a financial advantage to the perpetrator or others upon whose behalf (s)he acts, even if these "others" are in ignorance of the fraud. Fraud is, in fact, intentional deceit and for this reason it cannot include negligence.

Fraud incorporates theft, larceny, embezzlement, fraudulent conversion, false pretences, forgery, corrupt practices and falsification of accounts.

Corruption is defined for the purpose of this document as the offering, giving, soliciting or acceptance of an inducement or reward which may influence the actions taken by the Symphony Learning Trust, its staff or governors.

Any instance of fraud or theft committed against the Academy Trust above £5,000 must be reported to the ESFA. Any unusual or systematic fraud, regardless of value, must also be reported.

Therefore in order to minimise the risk and impact of fraud, the SLT's objectives are, firstly, to create a culture which deters fraudulent activity, encourages its prevention and promotes its detection and reporting and, secondly, to identify and document its response to cases of fraud and corrupt practices.

- In order to achieve these objectives, the SLT has taken the following steps:
- The development and publication of a formal statement of its expectations on standards of personal conduct, propriety and accountability;
- The establishment of adequate and effective systems of internal financial and management control (and a clear requirement to comply with them), and an independent Responsible Officer function with an ongoing responsibility to review and report on these systems;
- The development and publication of a formal statement of the procedures to be followed by employees who have a suspicion of, or concern about, possible or actual malpractice within the SLT and a fraud response plan which sets out the SLT's policies and procedures to be invoked following the reporting of possible fraud or the discovery of actual fraud.

These three steps are described in greater detail in the following sections

2 Personal Conduct

The SLT aims to promote an organisational culture which encourages the prevention of fraud by raising awareness of the need for high standards of personal conduct. To help ensure that all employees are fully aware of the SLT's expectations regarding standards of personal conduct, appropriate guidance is provided by the following key statements:

These regulations are binding on all governors, members of staff, students and constituent parts of the SLT. Refusal to observe them will be grounds for disciplinary action.

In disbursing and accounting for all funds, the SLT must demonstrate that it is adopting high standards of financial probity. Implicit within this regime is the requirement that governors and employees of the SLT must at all times conduct financial affairs in an ethical manner.

All members of staff, governors and Trustees of the SLT are responsible for disclosing any personal, financial or beneficial interest in any transaction with respect to the SLT or its related companies, minority interest companies and trading areas.

Any person who is responsible for placing an order with a supplier (whether a contractor or not) with whom he has an interest must disclose this to the Executive Head/Head teacher School Business of the individual school.

Trustees, Governors or employees of the SLT shall never use their office or employment for personal gain and must at all times act in good faith with regard to the SLT's interests.

Budget Holders are expected to adhere to the Finance Manual at all times and to use their best efforts to prevent misuse or misappropriation of funds and other SLT property.

Taken together, these represent a statement of the framework within which governors and employees are expected to conduct themselves. These requirements will also be stated within the Staff Handbook which will be issued to all members of staff and which will also include a statement of the disciplinary consequences if they are not complied with.

3 Systems of Internal Control

The next line of defence against fraud is the establishment of operational systems which incorporate adequate and effective internal controls designed to minimise the incidence of fraud, limit its impact and ensure its prompt detection. These controls include high level management controls such as budgetary control (designed to identify fraud which results in shortfalls in income or overspendings against expenditure) and organisational controls such as separation of duties, internal check and staff supervision. Personnel policies are also a key part of setting the culture and deterring fraud. This includes seeking to reduce the risk of employing dishonest staff by checking information supplied by employees and references obtained during the course of the recruitment process, including DBS checks.

The general framework of responsibilities for financial management and the policies relating to the broad control and management of the SLT are documented in the Finance Policy. The Finance Policy is issued and updated periodically by the CFO/Executive Head/SBM's, following approval by the Trustees Finance Committee on behalf of the Trustees Governing Body. It is binding on all trustees, governors, members of staff, students and constituent parts of the SLT and is distributed to all staff with financial responsibility.

The SLT has also established a Trustees Finance Committee and an independent Responsible Officer function (with Leicestershire County Council/outsourced and as agreed by the SLT Trustees) which provides advice to management in respect of control matters and which conducts a cyclical programme of reviews of the adequacy and effectiveness of the systems which have been put in place (including those intended to minimise the potential exposure to fraud and corruption).

4 Fraud Response

The Fraud Response Plan sets out the SLT's policies and procedures for ensuring that all allegations and reports of fraud or dishonesty are properly followed-up, are considered in a consistent and fair manner and that prompt and effective action is taken to:

- minimise the risk of any subsequent losses;
- reduce any adverse operational effects;
- improve the likelihood and scale of recoveries;
- demonstrate that the SLT retains control of its affairs in a crisis; and
- make a clear statement to employees and others that it is not a soft target for attempted fraud.
- The plan includes both statements of general policy and specific steps to be taken when circumstances dictate and is necessary in order to reduce the following risks:
 - inadequate communication so that action is late or inappropriate;
 - lack of leadership and control so that investigators are not properly directed and waste time and effort;
 - failure to react fast enough so that further losses are incurred or the evidence required for successful recovery or prosecution is lost;
 - adverse publicity which could affect confidence in the SLT; and
 - creation of an environment which, because it is perceived as being ill-prepared, increases the risk of fraud.

The main elements of the SLT's plan are in line with the Whistleblowing Policy and are outlined below:

All Trustees, governors, members of staff, students and constituent parts of the SLT are required to notify immediately the Executive Head/Headteacher and/or School Business Manager of any financial irregularity, or any circumstance suggesting the possibility of irregularity, affecting the financial procedures, cash, stores or other property of the SLT. The Executive Head/Headteacher and/or School Business Manager should bring this to the attention of the Trustees of the SLT and/or Chair of the Trustees Finance Committee immediately.

The Executive Head/Headteacher and School Business Manager will ascertain whether or not the suspicions aroused have substance. He/She will if appropriate, conduct a preliminary investigation to gather factual information and reach an initial view as to whether further action is required. The findings, conclusions and any recommendations arising from the preliminary investigation will be reported to the Chair of Trustees Finance Committee and the Chair of Trustees and/or SLT.

The Executive Head/Headteacher will have the initial responsibility for co-ordinating the SLT's response. In doing this he will consult with the SLT's Human Resources Advisor regarding

potential employment issues. The Executive Head/Headteacher will also seek expert legal advice from the SLT's Legal Advisor on both employment and litigation issues before taking any further action.

The Executive Head/Headteacher is required to notify the SLT and/or Trustees of any serious financial irregularity. This action will be taken at the first opportunity following the completion of the initial investigations and will involve, inter alia, keeping the Responsible Officer the Chair of Trustees Finance Committee and the Chair of Trustees/SLT fully informed between committee meetings of any developments relating to serious control weaknesses, fraud or major accounting breakdowns.

If evidence of a fraud is forthcoming then the Trustees of the SLT will inform the DfE as required by the Funding Agreement and will consider whether or not to refer the matter to the Police.

Equality Statement

At the Symphony Learning Trust, we actively seek to encourage equity and equality through our teaching. No gender, race, creed or ethnicity will be discriminated against. The school's Disability Equality Scheme will be followed and the use of stereotypes under any of the above headings will always be challenged.

Conclusion

Existing good practice within the SLT in terms of its systems of internal control both financial and non-financial and the external regulatory environment in which the school operates ensure that cases of suspected fraud or impropriety rarely occur.

This policy, along with the Whistleblowing policy is provided as a reference document to establish a framework within which issues can be raised. For more detail about how issues can be raised internally and if necessary outside the management structure of the school, the reader should refer to the Whistleblowing Policy. This document is a public commitment that concerns are taken seriously and will be actioned.

Inventories and Assets

Fixed Asset Register

Each school within the Trust will maintain a fixed asset register. The aim of a fixed asset register is to:

- Enable independent checks on the safe custody of assets, as a deterrent against theft or misuse;
- Manage the effective utilisation of assets and plan for their replacement;
- Assist the external auditors to draw conclusions on the annual accounts and the academy's financial system; and
- Support insurance claims in the event of fire, theft, vandalism or other disasters.

The fixed asset register shall consist of a list of items (or specific groups of items purchased within the accounting period) valued over £1000 that are considered to have a life longer than the financial year they were purchased in.

Fixed assets are categorised as follows:

- Land and buildings;
- Plant and machinery;
- Furniture and equipment;
- Computer equipment and software;
- Assets under construction

The asset register should, as a minimum, include the following information:

- Asset description;
- Serial number (if applicable);
- Date of purchase (where purchased after academy conversion date);
- Asset cost;
- Source of funding (if purchased after conversion (% of original cost funded from DfE grant and % funded from other sources);
- Current book value (if applicable);
- Location.

All working papers for the purchase of assets, including invoices, will be retained for at least 7 years.

Inventory

The inventory is an extended version of the Fixed Asset Register, including the same information but for all individual items purchased with a value over £500 and desirable portable items of lower value. Each school will maintain their own inventory.

Physical counts should be undertaken annually against the inventory register and the evidence presented to the Governing Body. Discrepancies between the physical count and the registers should be investigated promptly by the Head Teacher and any discrepancies over the value of £500 should be reported to the Governing Body.

Depreciation – Accountant confirming changes

The Fixed Asset Register contains all Fixed Assets with a value of over £1000. Trustees are responsible for deciding on how depreciation of these assets is treated in the accounts.

At Symphony Learning Trust we will use the 'straight line' method to calculate the depreciation value, which will result in a length of reasonable 'lifespan' per asset being decided by the Trust.

The total value of this asset will then be divided by the agreed lifespan to calculate the depreciation cost.

Non-current assets are to be depreciated to reflect the recoverable amount in the financial statements, over the useful life of the asset. Depreciation will be calculated on an annual basis for preparation of the year end accounts, in accordance with advice and guidance from the Trust's accountants on the basis that depreciation is a non-cash adjustment.

Disposal of Assets

Items which are to be disposed of by sale or destruction must be authorised for disposal by the Head Teacher and Finance Officer and, where significant, should be sold following competitive tender. Where the asset to be disposed of carries an amount (cost less accumulated depreciation) above £500 the disposal must be approved by the Finance Committee.

If computer equipment is disposed of, licences for software must be legally transferred to the new owner. Pecuniary interests must also be considered at all times.

All disposals of assets on the fixed asset register or the inventory register should be recorded on the relevant register.

The requirements of the funding agreement with the Secretary of State will be adhered to when considering the disposal of a capital item.

Funds obtained by the sale of surplus assets shall be identified in the school accounts and be accessible for audit.

Loan of Assets

Items of school property must not be removed from the school premises without the authority of the Head Teacher. It is expected that staff laptops are to be removed from the school site but they remain the property of the school.

If assets are on loan for extended periods or to a single member of staff on a regular basis the situation may give rise to a "benefit-in-kind" for taxation purposes. Loans will therefore be kept under review and any potential benefits discussed with the auditors.

Security

Higher value items should be appropriately security marked and securely stored securely when not in use.

School Fund – Unofficial Accounts

The Head teacher is responsible to the Local Governing Body for any unofficial school funds and is required to provide them with annual audited accounts.

Financial Reporting

As a minimum the following financial reports should be produced by each academy / the Trust:

Frequency	Report	To Whom
Annually	Statutory accounting returns	Trust Board
	School accounts Budget	Local Governing Body
	Unofficial funds – audited accounts (where used)	Finance Committee/Local Governing Body
	Budget Forecast (School)	Local Governing Body
	Budget Forecast (Trust)	Trust Board
Monthly	Financial monitoring report	Head Teacher Most recent report to Finance Committee at each meeting
	Period end documentation	Head Teacher
	Bank Reconciliation	Head Teacher (if carried out by SBM) or SBM (if carried out by another staff member)
	Payroll information	Head Teacher
	Cash Flow Reports	Head Teacher
On Demand	Cost centre reports	Budget holders

Business Continuity and Risk Management

Each school within the Trust should prepare and maintain a Business Continuity Plan which includes a section related to financial matters.

Gifts and Hospitality

Ordinarily gifts and hospitality should be rejected. Small “thank you” gifts of token value (e.g. diary, mug, calendar) may be accepted.

Any gifts or hospitality in excess of £20 must be reported to the Head Teacher in order to protect the individual receiving the gift (See Appendix I for Register Template). This is particularly important where the person receiving the gift is a budget holder, has the ability to influence purchasing decisions, or regularly receives reimbursement from the school for items other than travel expenses.

Gifts should be refused if it is believed the giver has an ulterior motive such as the receipt of a more prompt service or preferential treatment.

Gifts or hospitality should never be accepted from anyone who is, or may be in the foreseeable future, tendering for any contract with the school, seeking employment with the school or is in dispute with the school, even if the intended recipient is not directly involved in that service area.

Where items purchased for the school include a "free gift", such a gift should either be used for school business or handed to the Head Teacher to be used for charity raffles.

If there is any doubt about the acceptability of any gift or offer of hospitality the Head Teacher must be consulted.

COVID 19

See separate policy Finance Policy Addendum for COVID 19, found on the SLT Website and all schools have a COVID 19 section on their individual websites.

Appendix A: Limits of Financial Expenditure Delegation

The limits of financial delegation stated here reflect the maximum limits approved by the Board of Trustees. Local Governing Bodies may determine lower limits should they feel this to be appropriate, recording their decision as an addendum to the school's Finance Manual.

Academy Trust - Authorisation Limits

Expenditure Limits

School Business /Senior/Director	Up to	£6,000
Accounting Officer, CEO or CFO	Up to	£10,000
Trust Finance Committee	Up to	£50,000
Board of Trustees	Over	£50,000

Cheque Signatories – All cheques require two signatories

Any two signatories	Up to	£6,000
Trustee plus one signatory	From	£6,001 Up to £9,999
Chair or Vice-Chair of Trustees plus one other signatory	Over	£10,000

BACS Authorisation – Signatures required

Two signatories	Up to	£10,000 (per recipient)
Chair or Vice-Chair of Trustees plus one other signatory	Over	£10,000 (per recipient)

BACS System Approvers

One Approver	Up to	£6,000 (per BACS file)
Two approvers, one of whom can be the CFO	Over	£6,000 (per BACS file)
Two approvers, one of whom should normally be the Chair, Vice Chair of Governors of Trustees	Over	£10,000 (to any single supplier)

Virement Limits

Accounting Officer, CEO or CFO	Up to	£10,000
Trust Finance Committee	Up to	£50,000
Board of Trustees (and notify ESFA if significant)	Over	£50,000

Writing Off Bad Debts

Accounting Officer or CEO	Up to	£1,000
Board of Trustees and approval from ESFA	Above the amount in annual funding letter, or as per delegated limits – Academies Financial Handbook	

Disposal of Surplus Stock, Stores & Assets (estimated value)

Accounting Officer/CEO	Up to	£250
Board of Trustees	Over	£6,000
Board of Trustees (and notify ESFA if significant)	Freehold land & buildings /heritage assets as per Academies Financial Handbook	

Other Monetary Limits

Mileage Allowance

HMRC approved rate

Individual Schools - Authorisation Limits

Expenditure Limits

Premises Officer/Site Manager (emergency minor building repairs)	Up to	£500
Budget Holders	Up to	£500 or available budget, whichever is lower
School Bursar / Finance Officer / Business Manager	Up to	£6,000
Head Teacher / Head of School	Up to	£10,000
Chair of LGB / Chair of Finance Committee	Up to	£15,000
Local Governing Body / Finance Committee	Up to	£25,000
Trust Finance Committee	Up to	£50,000
Board of Trustees	Over	£50,000

Cheque Signatories

Two signatories	Up to	£6,000
Headteacher plus one other signatory	From	£6,001 Up to £9,999
Chair, Vice-Chair or Governor plus one other signatory	Over	£10,000

BACS Authorisation – Signatures required

Two signatories	Up to	£ 6,000 (per recipient)
Headteacher plus one other signatory	Up to	£10,000 (per recipient)
Chair, Vice-Chair, Trustee or Governor plus one other signatory	Over	£10,000 (per recipient)

BACS System Approvers

One Approver	Up to	£6,000 (per BACS file)
Two approvers one of whom can be the CFO	Over	£6,000 (per BACS file)
Two approvers, one of whom should normally be the Chair, Vice Chair of Governors, Trustees or CFO	Over	£10,000 (to any single supplier)

Virement Limits

Head Teacher / Head of School	Up to	£6,000
Local Governing Body / Finance Committee	From	£6,000 to £ 50,000
Board of Trustees (and notify ESFA if significant)	Over	£50,000

Writing Off Bad Debts

Head Teacher / Head of School	Up to	£1,000
Local Governing Body / Finance Committee	Over	£1,000
Board of Trustees and approval from ESFA	Above amount in annual funding letter, or as per delegated limits – Academies Financial Handbook	

Disposal of Surplus Stock, Stores & Assets (estimated value)	
Head Teacher	Up to £1,000
Local Governing Body / Finance Committee	From £1001 to £ 6,000
Board of Trustees	Over £6,000
Board of Trustees (and notify ESFA if significant)	Freehold land & buildings/heritage assets as per Academies Financial Handbook
<i>Other Monetary Limits</i>	
<u>Mileage Allowance</u>	HMRC approved rate
<u>Petty Cash</u>	
Maximum Cash Balance	£ 300 (except for an unusual event)
Payment Limit	£ 25 (except for an unusual event)
<u>Safe Cash / Cheque Limits</u> (as per insurance cover)	
Cash	£ 3,000
Cheques (recorded at point of receipt)	£ 5,000
Monetary Instruments (i.e. stamps, vouchers, etc)	£ 500
<u>Asset Register</u>	
Capitalisation Limit	Over £ 1000
Attractive Portable Items	Over £ 500 or less if desirable

Appendix B – Terms of Reference – Academy Trust Board and Local Governing Bodies

Academy Trust Board and any Sub-Committees

Local Governing Bodies

Each schools Terms of Reference for Sub-Committees of their LGB as an addendum are on the individual schools website

Budget Holders

Budget Holders Name:

Budget Holders Job Role:

Budget Name, e.g. Curriculum, Admin etc:

Budget Amount *(this amount may change as the budget is revised):*

Please sign to accept you have read and understood the following information relating to the Budget Holders Roles and Responsibilities:

- Staff may order goods and services from whatever reputable source they see fit, but will be expected to take into account quality and value for money.
- An official order must be made in writing on the school's official order form for all expenditure on goods and services initiated by the school.
- Orders must be completed in accordance with the following procedures:
 - Authorised by designated staff only;
 - Show actual/prices on the order form;
 - Send to the supplier via the Finance Officer;
 - If placed by telephone, a written copy of the order with estimated prices must be given to the Finance Officer;
 - Telephone orders should be followed up by a confirmation order by the next working day if possible.
- Card orders must only be placed by using the school procurement card and will need approval of the Head Teacher/Finance Officer or SBM prior to the purchase.

As a budget holder you will receive periodic updates relating to your subject / department budget(s).

It is your responsibility to monitor and manage your budget to ensure that you do not over spend the available funds and you may request a budget breakdown from the School Finance staff member at any time.

Staff must not use their personal credit/debit card, cash or banking facilities. If there is an exceptional reason as to why a staff member needs to use their personal banking facilities, authority must be obtained from the Executive Head/Head Teacher/SBM.

Signed:

Name:

Date:

SBM/Finance Officer/Finance Manager/Bursar to ensure this form is signed and a copy kept for our records.

Appendix D – Declaration of Business and Pecuniary Interests

Name: Position: School:

Part A – Business and pecuniary interests

Pecuniary interests	Name of organisation	Nature of business	Details of your interest	Date interest began
Current employment				
Businesses (of which I am a partner or sole proprietor)				
Company directorships – details of all companies of which I am a director				
Trusteeships and governorships – details of all educational institutions and charities of which I am a trustee				
Membership of professional bodies, membership organisations, public bodies or special interest groups of which I am a member and have a position of general control or management				

Pecuniary interests	Name of organisation	Nature of business	Details of your interest	Date interest began
Any other conflict				

Part B – Relationships between school staff, members and trustees of the governing body

Personal interests	Name	Nature of Relationship	Organisation	Nature of the interest
Close family relationship you have with the academy trust members, trustees or employees			n/a	n/a
Company directorships or trusteeships of family/close connections to you				

To the best of my knowledge the information supplied above is correct and complete. I understand that it is my responsibility to declare any conflict of interest/loyalty, business or personal that relates directly or indirectly, to myself or any relation in any contract, proposed contract or other matter when present at a meeting at the school where such contract or matter comes under consideration. I understand that I must withdraw from any meeting during the discussion of such contract or matter and must not vote in respect of it.

I agree to review and update this declaration annually.

Signed:

Date:

Guidance notes

In the declaration, you must provide details relating to:

- Your ownership or partnership of a company or organisation which may be used by the trust/school to provide goods or services;
- Goods or services you offer which may be used by the trust/school;
- Any close relationship you have to someone who satisfies either of the above;
- Any close relationship you have to someone who is employed by the trust/school, is a trustee or member.

Declaring your conflicts of interest is a legal requirement. If you have no interests to declare you must submit the form with a 'NIL' return.

Business interests

A business interest is the involvement of an individual or their family members in any trade or profession, along with any direct interest they may have in any company providing goods or services to the school.

Pecuniary interests

It is a common misconception that pecuniary interests are the same as business interests; however, pecuniary interest is a wider term. Pecuniary interests include personal financial interests, such as involvement in a trust fund or investment, as well as potential interests, for example, where a member of staff's husband is applying for a vacancy in the school or where a staff/staff governor is involved in the decision over the promotion of a colleague, or where they may be a potential candidate for the post made available.

Generally, governors/staff should not participate in any discussions in which they may directly or indirectly benefit from a pecuniary interest. A direct benefit refers to any personal financial benefit and an indirect benefit refers to any financial benefit you may have by virtue of a relationship to someone who stands to gain from a decision of the governing board. Both direct and indirect interests must be declared.

Non-pecuniary interests (Conflicts of loyalty)

There may be a non-pecuniary interest whereby the governor/staff does not stand to gain any benefit but a declaration should still be made. For example, this might be where a governor has a family member working in the school. While the governor/staff might not benefit personally, their judgment could be impaired if something was brought up that would affect the family member.

Unforeseen conflicts of interest

It is acknowledged that interests may not always be clear in advance. Any individual governor/staff who may have an interest in a matter, which is due for discussion at a meeting, should declare it at the beginning of the meeting. Any such statements should be formally recorded within the minutes of that meeting. As such, declaration of interests should be a standard agenda item at every meeting (governing body and committee meetings).

Responsibility for maintaining the register

The clerk to the governing body/SBM will normally be asked to maintain a register of pecuniary and business interests. However it is the responsibility of each individual governor/staff to declare their interest and the chair of governors/SBM has the overall responsibility to ensure that all governors/staff complete/update it.

Only Governing bodies must maintain a register on the school's website.

The Head Teacher or SBM will retain copies of the pecuniary Interests forms.

August		<ul style="list-style-type: none"> Budget plans entered onto SIMS Finance for next financial year.
Year round		<ul style="list-style-type: none"> Ongoing budget monitoring

Appendix F – Forms of Tender

There are three forms of tender procedure: open, restricted and negotiated, dependent on the circumstances:

- **Open Tender** is where all potential suppliers are invited to tender. The budget holder must discuss and agree with the Finance Officer how best to advertise for suppliers, e.g. general press, trade journals or to identify all potential suppliers and contact them directly if practical. This is the preferred method of tendering as it is most conducive to competition and the propriety of public funds.
- **Restricted Tender** is where suppliers are specifically invited to tender, and is appropriate where:
 - There is a need to maintain a balance between the contract value and administrative costs
 - A large number of suppliers would come forward or because the nature of the goods are such that only specific suppliers can be expected to supply the school's requirements;
 - The costs of publicity and advertising are likely to outweigh the potential benefits of open tendering
- **Negotiated Tender** is where the terms of the contract may be negotiated with one or more chosen suppliers, and is only appropriate in specific circumstances where:
 - The above methods have resulted in either no or unacceptable tenders;
 - Only one or very few suppliers are available;
 - Extreme urgency exists; or
 - Additional deliveries by the existing supplier are justified.

Preparation for Tender

Full consideration should be given to

- The objective of the project;
- Overall requirements;
- Technical skills required;
- After sales service requirements;
- Form of contract.

It may be useful after all requirements have been established to rank requirements (e.g. mandatory, desirable and additional) and award marks to suppliers on fulfilment of these requirements to help reach an overall decision.

Invitation to Tender

If a restricted tender is to be used then an invitation to tender must be issued. If an open tender is used and invitation to tender may be issued in response to an initial enquiry. An invitation to tender should include:

- Introduction / background to the project;
- Scope and objectives of the project;
- Technical requirements;

- Implementation of the project;
- Terms and conditions of tender; and
- Forms of response.

Aspects for Consideration

To be read with direct reference to the school's Best Value Policy:

- Financial
 - Like should be compared with like and if a lower price means a reduced service or lower quality this must be borne in mind when reaching a decision;
 - Care should be taken to ensure that the tender price is the total price and that there are no hidden or extra costs;
 - Is there scope for negotiation?
- Technical / Suitability
 - Qualifications of the contractor;
 - Relevant experience of the contractor;
 - Descriptions of technical and service facilities;
 - Certificates of quality / conformity with standards;
 - Quality control procedures;
 - Details of previous sales and references from past customers.
- Other Considerations
 - Pre-sales demonstrations;
 - After sales service;
 - Financial status of supplier. Suppliers in financial difficulty may have problems completing contracts and in the provision of after sales service. It may be appropriate to have an accountant or similarly qualified person examine audited accounts, etc.

Tender Acceptance Procedures

Tenders should be submitted in plain envelopes clearly marked to indicate that they contain tender documents. Tenders may also be e-mailed to the school e-mail address (i.e. not to a named individual). Tenders received after the submission deadline should not normally be accepted.

Tender Reviewing Procedures

All tenders submitted should be reviewed, in accordance with the Procurement Policy, at the same time and the tender details should be recorded. Those involved in making a decision must take care not to accept gifts or hospitality from potential suppliers that could compromise or be seen to compromise their independence. A separate record should be established to record the names of the firms submitting tenders and the amount tendered. This record should be signed by both people present at the tender opening.

Full records should be kept of all criteria used for evaluation. The accepted tender should be the one that is economically most advantageous to the academy. All parties should then be informed of the decision.

Appendix G – Non-Business and Business Activity

Operating a state funded school is a non-business activity for VAT purposes (outside the scope of VAT).

Other activity, not related to the core purpose of state education, is considered “business activity”, and is likely to be a combination of tax exempt business activity and taxable business activity.

Academy Trusts must register for VAT where the value of their taxable business activity exceeds the VAT registration threshold on a rolling 12 month period.

Overview of likely income streams

Non-Business DfE grant income provided to Academies for the provision of free (non-fee paying) education and closely related supplies qualifies to be treated as non-business income and outside the scope of VAT. Supplies of examination services (setting and marking exams or assessments) for a fee are VAT exempt. Goods and services closely related to the provision of education, and sold to the pupils at or below cost are non-business and thus outside the scope of VAT (e.g. accommodation, catering, transport, school trips).

Other Income

Academies may have “business” income which may be subject to VAT at the standard rate (20%), zero rate (0%) or exempt from VAT in some cases. The VAT liability depends on the individual circumstances of the transaction. The following items are generally deemed to be “taxable” activities:

- sales of goods from school shops;
- sales from vending machines;
- sales of school uniforms and sports clothing (zero rating generally applies to pupils under 14);
- supplies to staff and to non-students;
- admission charges to plays, concerts, dances, exhibitions (may be exempt if they are “fund-raising events”);
- car parking fees;
- advertising income;
- charges for catering to staff and other non-students (subject to certain criteria in relation to special needs);
- commission for allowing third-party organisations to sell goods at an educational establishment;
- photocopying;
- school photographs;
- educational consultancy fees

School trips

School trips, holidays and sporting courses are included in the definition of education. Contributions from parents are outside the scope of VAT provided these trips are charged at or below cost. Where the school charges out at a profit, it would be subject to the "Tour Operators" Margin Scheme (TOMS). VAT is calculated on the margin rather than on the selling price, and the margin counts towards the VAT threshold of £73,000.

If the school uses a travel company, the school is acting as an agent, collecting and holding monies on behalf of the pupils. This is a complex area for VAT purposes and advice should be sought on this matter.

School uniforms

These sales are standard rated or zero rated. A uniform sale for a school applying exclusively to pupils under 14 years, which is badged or printed with the identity of the school, is zero rated.

School publications

Supplies of e.g. books, brochures, pamphlets, leaflets, journals etc are zero rated.

Lettings

Generally, lettings that do not require the use of sports facilities are exempt supplies, but events involving the use of facilities such as a swimming pool are generally standard rated. There are exceptions for a series of lets. Lettings of sports facilities may be exempt from VAT if:

- a) the facilities are let for a series of sessions provided all the following conditions are met
- the series consists of ten or more sessions
 - each session is for the same sport or activity
 - each session is in the same place
 - the interval between each session is at least a day and not more than 14 days
 - the series is paid for as a whole and there is written evidence to this effect
 - the letting is to a school, club, association or an organisation representing affiliated clubs or associations
 - the person to whom the facilities are let has exclusive use during the sessions

or

- b) it is for a single letting of sports facilities for a continuous period of over 24 hours to the same person

or

- c) the sports facilities are let for purposes other than sport
