

Newcroft Curriculum Intent

At Newcroft, we teach the core knowledge of the National Curriculum through creative, cross curricular themes. This core knowledge equips them with the ability to showcase their **reasoning** skills. Our curriculum aims to provide a range of experiences to enhance and enrich learning, from excursions or visits within our locality, to welcoming visitors on site. We want our pupils to develop their independence and **resilience** and we promote this through these experiences as well as our many residential opportunities and engaging starting points for lessons.

We encourage and foster pupils' **creative thinking**, allowing them to explore and respond to the world we live in, through developing curiosity.

We never put a ceiling on what pupils can achieve; we stretch them so that each pupil can reach their full potential. We adapt our curriculum to suit the needs of all our learners, which allow equality of opportunity for every child; no pupil is left behind.

Newcroft Primary Academy **Vision**
